Projects

MediaPlug

<https://mediaplug.herokuapp.com/>

- A MERN-stack application that allows users to connect based off of books and reading challenges.
- Users can login, create an account, add books to their shelf, create challenges, and view other users and their challenges.

The Simpsons Game

<https://jessnyj.github.io/click-game/>

- A click game that allows you to test your memory skills.
- The user is provided with images that you can click but not more than once. Their current score and top score are tracked.
